

FrontPage 2003 - Advanced

Course length: 1 Day

Course Overview: You have created Web pages with text, graphics, and tables. However, you need to add more complex features, dynamic components, and enable two-way interaction with your Web site's visitors. In this course, you will use FrontPage 2003's graphical and convenient tools to add these features to your Web site. Someone needing the skills to enhance and manage his or her web's functionality and usability will benefit from this course

Course Objective: In this course, you will enhance the functionality and usability of your Web site using FrontPage tools.

Prerequisites: Microsoft Office [FrontPage 2003 Introduction](#) or equivalent.
